

GST registered businesses must display the prices of goods & services inclusive of GST

- Prices of goods and services displayed must be inclusive of the prevailing rate of GST.
(From 1 January 2023 onwards, prices of goods and services displayed must be inclusive of 16% GST in the tourism sector, and 8% GST in the general sector.)
- The pricing policy should be displayed in the premises where the taxable activities are carried out.
- Businesses that charge a service charge in relation to the supply of goods and services should display the price in a manner in which customers can calculate the total amount they must pay, taking into account the service charge and the price of the service.
