ANNOUNCEMENT

With the period of closure of Government offices extended until the 28th of May 2020 as part of the precautionary measures taken against the spread of COVID-19, please be informed that MIRA will also be closed during this period, and, a date for reopening of MIRA will be announced in due time.

As we have not been officially open for service since 15th April 2020, if the new deadline for fulfilling all obligations that fell due during the period of closure becomes the date that MIRA reopens, taxpayers may find it difficult to fulfil their obligations and may also make it difficult for us serve with social distancing measures in place. Hence, the first day MIRA reopens after this period will not be the new deadline for the obligations that fall due during this period. All relevant information in relation to this will be made public in due time.

Please also note that even though MIRA is not currently officially open, a majority of our essential services are available online. It is strongly advised that all taxpayers make use of the online services available during this time.

Additional information regarding the services available online can be viewed here.
